

SMALL BUSINESS PAYCHECK PROTECTION PROGRAM SECOND DRAW

The Paycheck Protection Program provides small businesses a Second Draw PPP Loan to pay between 8 and 24 weeks of payroll costs including benefits. Funds are provided in the form of a loan that will be fully forgiven when used for payroll costs, interest on mortgages, rent, utilities, covered operation expenditures, covered property damage costs, covered supplier costs, and covered worker protection expenditures as specified under Paycheck Protection Rules. At least 60% of the forgiven amount must have been used for payroll. Loan payments will be deferred for ten months. The term of the loan is five years and the interest rate is 1%. No collateral or personal guarantees are required.

How to Apply

- 1) Complete the *Paycheck Protection Program Borrower Second Draw Borrower Application Form* attached.
- 2) Email the application form with sufficient documentation to sbappp@hometownbankal.com.
- 3) Once we receive your email, we will contact you with instructions on how to proceed.

At the elections of the borrower, we will need one of the following to calculate the loan amount that you qualify for. The average total monthly payroll costs incurred or paid during:

- 1) The one-year period before the date on which the loan is made or
- 2) Calendar year 2019

Multiplied times 2.5 up to a maximum of \$2MM.

NAICS 72 Entities (Accommodation and Food Services) multiplied times 3.5 up to a maximum of 2MM

A borrower is generally eligible for a Second Draw PPP Loan if the borrower:

- Previously received a First Draw PPP Loan and will or has used the full amount only for authorized uses.
- Has no more than 300 employees; and
- Can demonstrate at least a 25% reduction in gross receipts between comparable quarters in 2019 and 2020.

Although the Economic Aid Act did not define gross receipts for determining a borrower's revenue reduction, the IFR provides that gross receipts include "all revenue in whatever form received or accrued (in accordance with the entity's accounting method) from whatever source, including from the sales of products or services, interest, dividends, rents, royalties, fees, or commissions, reduced by returns and allowances." Importantly, however, forgiveness amounts awarded for borrowers' initial PPP loans are not included in 2020 gross receipts.

For loans of \$150,000 or less, the borrower may only submit a certification statement that it meets the revenue loss requirement at the time of loan application and provide proof of revenue loss at the time they submit a forgiveness application.

For loans greater than \$150,000 the borrower must calculate their revenue reduction by comparing the borrowers quarterly gross receipts for one quarter in 2020 with the borrower's gross receipts for the corresponding quarter of 2019. If you were in operation for all four quarters of 2019 and meet the 25% reduction in 2020 compared to 2019 using the entire calendar year, adequate documentation could be substantiated using your annual tax forms. Other documentation adequate to establish a revenue reduction of 25% include quarterly financial statements or bank statements.

Paycheck Protection Program
Second Draw Borrower Application Form for Schedule C Filers Using Gross Income
March 3, 2021

Purpose of this form:

This form is to be completed by the authorized representative of the Applicant and **submitted to your SBA Participating Lender**. Submission of the requested information is required to make a determination regarding eligibility for financial assistance. Failure to submit the information would affect that determination.

An Applicant that files an IRS Form 1040, Schedule C, and elects to calculate the PPP loan amount using gross income must use this form. An Applicant that files an IRS Form 1040, Schedule C, and elects to calculate the PPP loan amount using net profit must use SBA Form 2483-SD. An Applicant that files an IRS Form 1040, Schedule F, and calculates the PPP loan amount using gross income must use SBA Form 2483-SD.

Instructions for completing this form:

For purposes of reporting Year of Establishment, applicants may enter “NA”.

For purposes of reporting NAICS Code, applicants must match the business activity code provided on their IRS income tax filings, if applicable. For purposes of calculating an Applicant’s maximum payroll costs, an Applicant may multiply its average monthly payroll costs by 3.5 only if the Applicant is in the Accommodation and Food Services sector and has reported a NAICS code beginning with 72 as its business activity code on its most recent IRS income tax return.

For purposes of reporting Number of Employees, sole proprietors, self-employed individuals, and independent contractors should include themselves as employees (i.e., the minimum number in the box Number of Employees is one). For NAICS 72, applicants may not exceed 300 per physical location. Applicants may use their average employment over the time period used to calculate their aggregate payroll costs to determine their number of employees. Alternatively, Applicants may elect to use the average number of employees per pay period in the 12 completed calendar months prior to the date of the loan application.

For purposes of calculating Average Monthly Payroll for Employees (box C), Applicants must use the average monthly payroll for 2019 or 2020 for employees (not including the owner), excluding costs over \$100,000 on an annualized basis, as prorated for the period during which the payments are made or the obligation to make the payments is incurred, for each employee. The payroll year used must be the same as the tax year used for the gross income calculation (box A in either table). For seasonal businesses, the Applicant may elect to instead use average total monthly payroll for any twelve-week period selected by the Applicant between February 15, 2019 and February 15, 2020, excluding costs over \$100,000 on an annualized basis, as prorated for the period during which the payments are made or the obligation to make the payments is incurred, for each employee. For new businesses without 12 months of payroll costs but that were in operation on February 15, 2020, average monthly payroll may be calculated based on the number of months in which payroll costs were incurred, excluding costs over \$100,000 on an annualized basis for each employee, as prorated for the period during which the payments are made or the obligation to make the payments is incurred, for each employee.

With respect to Purpose of the Loan, payroll costs consist of compensation to employees (whose principal place of residence is the United States) in the form of salary, wages, commissions, or similar compensation; cash tips or the equivalent (based on employer records of past tips or, in the absence of such records, a reasonable, good-faith employer estimate of such tips); payment for vacation, parental, family, medical, or sick leave (except those paid leave amounts for which a credit is allowed under FFCRA Sections 7001 and 7003); allowance for separation or dismissal; payment for the provision of employee benefits (including insurance premiums) consisting of group health care coverage, group life, disability, vision, or dental insurance, and retirement benefits; payment of state and local taxes assessed on compensation of employees; and wages, commissions, income, or net earnings from self-employment or similar compensation. This includes proprietor expenses, which means businesses expenses plus owner compensation.

If the Applicant is a qualified joint venture for federal income tax purposes ((1) the only members of the joint venture are a married couple who file a joint return and each file Schedule C, (2) both spouses materially participate in the trade or business, and (3) both spouses elect not to be treated as a partnership), only one spouse may submit this form on behalf of the qualified joint venture. For purposes of reporting Number of Employees, each spouse should be counted. For purposes of determining which table to use to calculate Loan Request Amount, if the Applicant has no employees other than the married couple, complete the table labeled “If you do not have any employees other than yourself, complete this table.” For purposes of calculating gross income, enter the sum of gross income (Schedule C, line 7) from both spouses. For purposes of calculating the Loan Request Amount, the amount entered in box B in either table is capped at \$8,333.33.

In determining whether the Applicant experienced at least a 25% reduction in gross receipts, for loans above \$150,000, the Applicant must identify the 2020 quarter meeting this requirement, identify the reference quarter, and state the gross receipts amounts for both quarters, as well as provide supporting documentation. For loans of \$150,000 and below, these fields are not required and the Applicant only must certify that the Applicant has met the 25% gross receipts reduction at the time of application; however, upon or before seeking loan forgiveness (or upon SBA request) the Applicant must provide documentation that identifies the 2020 quarter meeting this requirement, identifies the reference quarter, states the gross receipts amounts for both quarters, and supports the amounts provided. For all loans, the appropriate reference quarter depends on how long the Applicant has been in operation:

- For all Applicants other than those satisfying the conditions set forth below, Applicants must demonstrate that gross receipts in any quarter of 2020 were at least 25% lower than the same quarter of 2019. Alternatively, Applicants may compare annual gross receipts in 2020 with annual gross receipts in 2019; Applicants choosing to use annual gross receipts must enter “Annual” in the 2020 Quarter and Reference Quarter fields and, as required documentation, must submit copies of annual tax forms substantiating the annual gross receipts reduction.
- For Applicants not in business during the first and second quarters of 2019 but in operation during the third and fourth quarters of 2019, Applicants must demonstrate that gross receipts in any quarter of 2020 were at least 25% lower than either the third or fourth quarters of 2019.
- For Applicants not in business during the first, second, and third quarters of 2019 but in operation during the fourth quarter of 2019, Applicants must demonstrate that gross receipts in any quarter of 2020 were at least 25% lower than the fourth quarter of 2019.
- For Applicants not in business during 2019 but in operation on February 15, 2020, Applicants must demonstrate that gross receipts in the second, third, or fourth quarter of 2020 were at least 25% lower than the first quarter of 2020.

Paycheck Protection Program
Second Draw Borrower Application Form for Schedule C Filers Using Gross Income
March 3, 2021

Gross receipts includes all revenue in whatever form received or accrued (in accordance with the Applicant's accounting method) from whatever source, including from the sales of products or services, interest, dividends, rents, royalties, fees, or commissions, reduced by returns and allowances. Generally, receipts are considered "gross income" plus "cost of goods sold" and excludes net capital gains or losses as these terms are defined and reported on IRS tax return forms. Gross receipts do not include the following: taxes collected for and remitted to a taxing authority if included in gross or total income, such as sales or other taxes collected from customers and excluding taxes levied on the concern or its employees; proceeds from transactions between a concern and its domestic or foreign affiliates; and amounts collected for another by a travel agent, real estate agent, advertising agent, conference management service provider, freight forwarder or customs broker. All other items, such as subcontractor costs, reimbursements for purchases a contractor makes at a customer's request, investment income, and employee-based costs such as payroll taxes, may not be excluded from gross receipts. Gross receipts of an applicant must be aggregated with gross receipts of its affiliates.

For a sole proprietorship, the sole proprietor is considered the owner of the Applicant. For a limited liability company that has only one member and that is treated as a disregarded entity for federal income tax purposes and files Schedule C, the member is considered a sole proprietor and the owner of the Applicant. If the Applicant is treated as a qualified joint venture for federal income tax purposes (the only members of the joint venture are a married couple who file a joint return and each file a Schedule C), both spouses are considered sole proprietors and owners of the Applicant.

For purposes of reporting (optional) demographic information:

1. **Purpose.** Veteran/gender/race/ethnicity data is collected for program reporting purposes only.
2. **Description.** This form requests information about each of the Applicant's Principals. Add additional sheets if necessary.
3. **Definition of Principal.** The term "Principal" means:

4. **Principal Name.** Insert the full name of the Principal.
5. **Principal Position.** Identify the Principal's position: self-employed individual, independent contractor, sole proprietor, or key employee.

Privacy Act (5 U.S.C. 552a) – Under the provisions of the Privacy Act, you are not required to provide your social security number. Failure to provide your social security number may not affect any right, benefit or privilege to which you are entitled. (But see Debt Collection Notice regarding taxpayer identification number below.) Disclosures of name and other personal identifiers are required to provide SBA with sufficient information to make a character determination. When evaluating character, SBA considers the person's integrity, candor, and disposition toward criminal actions. Additionally, SBA is specifically authorized to verify your criminal history, or lack thereof, pursuant to section 7(a)(1)(B), 15 U.S.C. 636(a)(1)(B) of the Small Business Act.

Disclosure of Information – Requests for information about another party may be denied unless SBA has the written permission of the individual to release the information to the requestor or unless the information is subject to disclosure under the Freedom of Information Act. The Privacy Act authorizes SBA to make certain "routine uses" of information protected by that Act. One such routine use is the disclosure of information maintained in SBA's system of records when this information indicates a violation or potential violation of law, whether civil, criminal, or administrative in nature. Specifically, SBA may refer the information to the appropriate agency, whether Federal, State, local or foreign, charged with responsibility for, or otherwise involved in investigation, prosecution, enforcement or prevention of such violations. Another routine use is disclosure to other Federal agencies conducting background checks but only to the extent the information is relevant to the requesting agencies' function. See, 74 F.R. 14890 (2009), and as amended from time to time for additional background and other routine uses. In addition, the CARES Act, requires SBA to register every loan made under the Paycheck Protection Program using the Taxpayer Identification Number (TIN) assigned to the borrower.

Debt Collection Act of 1982, Deficit Reduction Act of 1984 (31 U.S.C. 3701 et seq. and other titles) – SBA must obtain your taxpayer identification number when you apply for a loan. If you receive a loan, and do not make payments as they come due, SBA may: (1) report the status of your loan(s) to credit bureaus, (2) hire a collection agency to collect your loan, (3) offset your income tax refund or other amounts due to you from the Federal Government, (4) suspend or debar you or your company from doing business with the Federal Government, (5) refer your loan to the Department of Justice, or (6) take other action permitted in the loan instruments.

Right to Financial Privacy Act of 1978 (12 U.S.C. 3401) – The Right to Financial Privacy Act of 1978, grants SBA access rights to financial records held by financial institutions that are or have been doing business with you or your business including any financial institutions participating in a loan or loan guaranty. SBA is only required provide a certificate of its compliance with the Act to a financial institution in connection with its first request for access to your financial records. SBA's access rights continue for the term of any approved loan guaranty agreement. SBA is also authorized to transfer to another Government authority any financial records concerning an approved loan or loan guarantee, as necessary to process, service or foreclose on a loan guaranty or collect on a defaulted loan guaranty.

Freedom of Information Act (5 U.S.C. 552) – This law provides, with some exceptions, that SBA must supply information reflected in agency files and records to a person requesting it. Information about approved loans that is generally released includes, among other things, statistics on our loan programs (individual borrowers are not identified in the statistics) and other information such as the names of the borrowers, the amount of the loan, and the type of the loan. Proprietary data on a borrower would not routinely be made available to third parties. All requests under this Act are to be addressed to the nearest SBA office and be identified as a Freedom of Information request.

They may also be ordered to cease operations posing an imminent danger of death or serious injury until employees can be protected.
